Services Rendered

(96,202 Procedures)

MIAMI-DADE COUNTY PUBLIC SCHOOLS
PDP Savings Report (External)

61,532 or 64% of the 96,202 dental procedures were rendered by PDP dentists. The PDP charges of $5,846,181.83 for the 61,532 procedures accounted for 50% of total PDP and Non-PDP charges of $11,621,479.42.

The total employer and employee savings* of $5,343,705 represents 110% of the total benefits paid of $4,878,354.31, which includes $2,081,238 or 39% accrued to the employees. The total Employer savings of $3,262,468 represents 40% of the sum of the total benefit claim amount and total Employer Savings, which equals $8,140,822.02.

The average charge per procedure was $95.01 inside the network, as opposed to $166.58 outside the network.

Overall the in-network penetration was 64% by procedure count, 49% for charges and 68% for Benefits paid. These percentages exclude repetitive orthodontia **

For MIAMI-DADE COUNTY PUBLIC SCHOOLS, network utilization is as follows:

64% of services were rendered by PPO dentists.

68% of dollars were paid to PPO offices.

We know greater claims savings are realized as network participation increases. It is our intent to point out the level of participation for MIAMI-DADE COUNTY PUBLIC SCHOOLS in order that you might evaluate the current trend and discuss issues to improve participation by MIAMI-DADE COUNTY PUBLIC SCHOOLS's employees. Our goal is to remain the dental benefit of choice when the benefit plan is reviewed.

If your report includes dental services that occurred prior to 2006 and were processed and paid for the first time during the time period on your report, then...

**** Pre-2006 savings for Periodic Exams (ADA code 120) reflect the reimbursement policy in effect prior to 2006, which allowed in-network dentists to charge for only one periodic oral exam per patient per year.***

***** Due to the reimbursement policy in effect prior to 2006, Periodic Exams (ADA code 120) serviced in 2005 and earlier are excluded from In-Network Penetration calculations.***
