**SUBJECT: EXTEND CONTRACT NO. 057-BB02 – SOLID-WASTE
COLLECTION**

COMMITTEE: BUSINESS AND FINANCIAL SERVICES

The purpose of the bid, opened on February 21, 2002, was to establish a contract, to provide, at firm unit prices, solid-waste collection services, at Miami-Dade County Public Schools locations. The terms of agreement, as contained in the contract, awarded by the Board on April 17, 2002, provided, that by mutual agreement between the successful vendor and The School Board of Miami-Dade County, Florida, the contract may be extended for one (1) additional one (1) year period. The contract is currently in its initial year. The awardee has agreed to extend for the first one (1) year extension period, by letter, on file, with the exception of Waste Management of Dade County, A division of Waste Management, Inc., of Miami, Florida, the awardee for items 27 through 39b, 40 through 52b, 53 through 66b, and 67 through 79b. Competitive prices will be solicited for these items, pursuant to Board Rule 6Gx13- 3C-1.111 – Bidding Process – Competitive Bidding Requirements, which describes the procedure and guidelines to be used for bidding based on the estimated dollar expenditure. It is considered to be in the best interest of the Board to extend this contract, for an additional one (1) year period, at the current prices, to benefit from fixed prices, during the next twelve (12) months, inasmuch as the Consumer Price Index (CPI), as of December 2002, indicated an increase of 2.4%.

The Division of Safety, Energy, Communications and Fiscal Management has requested that this bid be extended for \$1,000,598, due to anticipated increased usage. This amount exceeds the authorization for awarding term bids and requesting supplemental awards approved by the Board at its meeting of January 22, 1997. At that meeting, the Board authorized the Superintendent to, for bidding purposes, increase term bid quantities by 10% per estimated bid item, to cover unanticipated increases in requirements, at the time the bid is issued. The recommendation requests a waiver of this requirement in order to respond effectively to any increased usage.
