Ofelia San Pedro, Deputy Superintendent

**SUBJECT: AWARD BID NO. 104-FF06 – EMERGENCY DEBRIS REMOVAL
AND TREE PRUNING**

COMMITTEE: FACILITIES AND CONSTRUCTION REFORM

The purpose of this bid, opened on April 27, 2006, is to establish a contract with pre-qualified bidders for emergency debris removal and tree pruning, for future bidding through the submission of documents and forms which verify that the bidder meets or exceeds the minimum criteria for specific work projects. This is a term bid which states that the Board may purchase quantities, as may be required, but is not obligated to purchase any guaranteed amount. Of 38 vendors sent bid forms or card notices of this advertised bid, 23 responded, with 21 bids meeting specifications and 2 bids not meeting specifications.

This bid establishes pre-qualified vendors to be contacted for price quotes to gather, load, haul and dispose of vegetation and construction debris from school grounds or right-of-way areas. During a storm-generated emergency, three phases of work will be generated: the first 72 hours, to address safety and access issues, the second phase addresses general groundwork for collection and removal of trees and debris and the third phase, which addresses hanging limbs, leaning trees, stumps and associated debris. FEMA monitoring is a component of this bid and is required to obtain reimbursement.
