010-FF03 - MAINLINE FOODS AND DISTRIBUTOR SERVICES QUESTIONS AND COMMENTS LOG

QUESTION 145. What cost price must we put on the bid? The cost price we receive, or the cost price to M-DCPS?

RESPONSE 145: There are two costs. The first cost is the price to the district for the manufacturer's item per the defined unit (pound, each, dozen, etc.) The second cost is the delivery fee per case or pack per category as indicated in the bid (frozen, refrigerated, dry).

QUESTION 146. How will you calibrate the award regarding dry and frozen items combined?

RESPONSE 146: It is not our intention to do separate awards by category. M-DCPS is looking for one business partnership to service this bid solicitation.

QUESTION 147: When evaluating the award, will there be an advantage to a vendor who bids on 3 or 4 items as opposed to bidding on all the items in the entire category? What if a vendor with the lower and better prices bids on less items?

RESPONSE 147: M-DCPS is looking for one business partnership to service this bid solicitation. Please see Questions #1 and #111 for further reference.

QUESTION 148. Just how specific are vendors required to be, when submitting a price delivered to the school sites?

RESPONSE 148: This is a new bid. M-DCPS Department of Food and Nutrition and Procurement Management Services evaluates case price to the nearest whole cent and unit price to four (4) decimal places.

QUESTION 149. Will the bid opening date now be changed?

RESPONSE 149: Yes, item will be addressed in bid addendum.

Summary Account Statement to Accounts Payable**

This attachment is in reference to a 30-DAY OR LESS processing cycle for payment of invoices submitted to the awarded bidder(s) referenced under the Miami-Dade County Public Schools (M-DCPS) bid number 010-FF03.

Section (5) – Food Service Accounting Specifications, contained in the subject bid, states that “Payment for goods and services, other than construction services, is 45 days from date of invoice.” However, in this instance of Bid number 010-FF03, the School Board of Miami-Dade County, Florida (M-DCPS), has agreed to make an exception to the payment cycle for the awarded bidder(s), for the duration of the contractual period, through June 27, 2008.

The payment cycle of 30 days will begin upon the hand-delivered, properly documented statement to the Accounts Payable Department, as per the attached sample. The hand-delivered statement will be stamped in, at which time the 30-day cycle begins. Any statement identified by Accounts Payable, as requiring corrective action on the part of the awarded bidder(s), will be returned within five (5) business days of receipt and the payment cycle will begin anew upon the statement being re-submitted and stamped as received by the Accounts Payable Department.

010-FF03 - MAINLINE FOODS AND DISTRIBUTOR SERVICES QUESTIONS AND COMMENTS LOG

QUESTION 1: I was unable to attend the pre-bid conference on 10/6/05. I wanted be sure about bidding on the "dry goods" portion of the bid. Must a company be a food distributor (and qualify under Special Condition #7, sections A & B) to bid the "dry goods"?

RESPONSE 1: NO. However, successful bidder(s) must bid both the food items and distribution services. This bid is different from previous Miami-Dade County Public Schools (M-DCPS) bids. All potential bidders need to read the ENTIRE bid package to understand the requirements of this bid.

QUESTION 2: Can you tell me if I am reading the page about samples correctly?

The way I am reading it is, if we bid an item that is not specified on your bid and M-DCPS wants to see a sample after the bid opens, we will send it in when M-DCPS requests it. We DO NOT have to send a sample BEFORE bid opening of the item we are bidding if it is not on the bid.

RESPONSE 2: The Department of Food and Nutrition may request samples before and/or after the bid award, but the bidder(s) should not send samples unless requested by the Department of Food and Nutrition.

QUESTION 3. Why is there nowhere to put how many pieces make in a 2 oz. CN serving?

RESPONSE 3: Please refer to the minimum portion counts and case counts under each bid item.

QUESTION 4. Do you want the portion cost (a 2 oz serving) or do you mean you a price per each portion/piece?

RESPONSE 4: M-DCPS wants a piece or portion cost, where applicable as stated in the bid item.

QUESTION 5. Why is the case pack not evaluated when adding in the fixed delivery fee to establish the lowest cost per serving?

RESPONSE 5: It will be considered, based on the minimum case count per item as indicated in each item description in the bid.

QUESTION 6. Why not go to a bid system where the manufacturer bids direct to M-DCPS and is awarded based on the " lowest possible serving or portion cost" and the distributor be awarded on the basis of the lowest total selling price?

Questions General

L) If an approved manufacture also packs the same product under a distributor label with documentation from manufacture that the product meets or exceeds the specification can we bid the Distributor label? Example Tyson Flour Tortilla may produce the same tortilla under our distributor label

RESPONSE 82L: No. You may only bid products as specified on this current bid. Refer to question #8 in this document regarding sample submissions.

M) There are multiple items that do not have manufacture id # listed next to the approved brand. In order to insure all manufactures and distributors are bidding the correct and equal products could the manufacture id numbers be added to all products on bid? Example Bid Line #20 a manufacture my produce several different Grilled Chicken Fajita Strips

RESPONSE 82M: Item will be addressed in a Bid Addendum.

QUESTION 83.I cannot find canned soups on the bid? Please let me know if they have been eliminated.

RESPONSE 83: Items on previous bids and awards or previously tested are not automatically included in this bid.

QUESTION 84. What is the justification for changing from a two-part bid system (manufacturer direct and separate jobber bid) to a distributor-only bid? More and more systems throughout the state are switching to the type of bid you have utilized in the past and are moving away from the process you presently propose. The reason for this evolutionary improvement is clear. With the distributor-only bid, the soliciting school systems have been unable to see all the prices from all the manufacturers that are on the approved bid items. Instead, they have only been able to see the prices of those manufacturers with which the distributors have back-ended deals/monies programs. Because these discounts are not passed on to the school systems, the bids may not be awarded to the accepted or approved items that, in fact, possess the best pricing.

RESPONSE 84: Because the current format will enable M-DCPS to generate competition and achieve operational efficiency, while providing the best products and services at the best price for the School District.

QUESTION 85. Please confirm the time periods discussed at the pre-bid conference. Specifically, for what time period must the manufacturer guarantee original pricing? Also, at what intervals will price changes (increases/decreases) be permitted?

RESPONSE 85: The start date of the bid will be the day after the current bids that are in place expire. For distribution of food items, this is planned to occur on February 4, 2006. The initial award period will go through June 30, 2007. A request for price adjustment may be made in December 2006 for the remaining term of the initial award. Please see Bid Addendum for details.

010-FF03 - MAINLINE FOODS AND DISTRIBUTOR SERVICES QUESTIONS AND COMMENTS LOG

QUESTION 86. This question concerns the dry grocery section under the individual portion packs beginning with line items 74 catsup, 75 mayo light, 76 mayo regular, 77 taco sauce, 78 tartar sauce, 79 mustard, 80 honey mustard, 123 sweetener, 135 pancake syrup, & 137 peanut butter individual. After 6 years of purchasing the foodservice Boca Grande Foods products under the Poco Pack label, with only a single complaint about catsup viscosity (which was corrected with a reformulation as well as having tested their Grand Gourmet label which Dade County has approved for their salad dressing), why would you go to a national retail label on a category that serves no nutritional benefit whatsoever and is a giveaway item, thus increasing costs? You are currently purchasing this manufacturer's products. This is currently the better part of a \$1,000,000.00 category and your going to INCREASE your costs?

RESPONSE 86: Items on previous bids and awards or previously tested are not automatically included in this bid.

QUESTION 87. Also In the dry grocery section, line item 152. Again, despite the correction of last year's production problems, you have inexplicably eliminated Malt-O-Meal from the current bid, even though you are currently purchasing this product. Less than 1 year ago, Ms. Parham personally thanked me for convincing you to put this manufacturer on the bid, acknowledging that it significantly brought down the price of cereal. At an average savings of \$5.00 to \$6.00 per case, in a category of 150,000 cases, this amounts to \$750,000.00 or more. Surely this is a costly oversight.

RESPONSE 87: Items on previous bids and awards or previously tested are not automatically included in this bid.

QUESTION 88. Similarly, Dakota Gourmet 1 oz. sunflower seeds have been purchased for over a decade as a multi-purpose snack item that services your menu in a variety of ways: as 1 meat or 1 bread/grain. This product has been used in salads and snacks and in the after school snack program. In this nutrition-conscious climate, why would you eliminate such a versatile and economical item from the bid?

RESPONSE 88: Items on previous bids and awards or previously tested are not automatically included in this bid.

QUESTION 89. We are a bidder on two of the items on Bid #010-FF03. However, the bid seems to be directed at the distributor and not the individual vendor. We do not know who the possible distributors are and unless they contact us, we have no way of bidding. We are unsure of how we are to proceed at this point. Do we fill out our prices and submit the bid package directly to you?

RESPONSE 89: Contact information is addressed in Question # 81 above. Regarding how to bid this solicitation, please see Question #1.

QUESTION 90. Quick question/clarification on Item # 137 - Peanut Butter - Ind. It states that Smucker's is an approved brand - but also lists the pack size at 1.1 oz. However, the pack size we have is 200/ 3/4 oz. Please let me know if we should bid on our 3/4 oz product?

RESPONSE 90: Item will be addressed in a Bid Addendum.

QUESTION 91. Can we get estimates on the following item(s):

a) Commodity products: average monthly cases stored (dry, frozen, chill)

RESPONSE 91A: Approximately 60,234 cases in inventory on October 6, 2005.

b) Average monthly cases delivered (dry, frozen, and chill)

RESPONSE 91B: Approximately 15,000 cases delivered monthly

c) Average days an item stays in inventory.

RESPONSE 91C: Approximately 4.8 Months

QUESTION 92. Will the schools be prepared to use an Internet based order entry system?

RESPONSE 92: M-DCPS is currently developing an RFP to develop an Internet order based system. Please see Special Conditions #10, Data Processing for details.

QUESTION 93. After an addendum comes out will there be a window for more questions to be asked?

RESPONSE 93: A window of 48 hours from date of the addendum posting released on the procurement website at <http://procurement.dadeschools.net> will be available for questions concerning THE ADDENDUM ONLY for this bid solicitation only.

QUESTION 94. Will you look at lowest portion cost?

RESPONSE 94: Yes.

QUESTION 95. Is it required to bid the paper and plastic section?

RESPONSE 95: No. This section is a proposal, which may or may not be awarded. The core of the bid is for the main line foods used by the district.

QUESTION 96. Will the district use commodities if the same item is on the bid?

RESPONSE 96: Yes. The bid is for items the district intends to use. If a commodity becomes available from USDA, the district intends to utilize those commodities as a priority. Pass thru value programs will be utilized wherever possible. There is planned to be a processing bid for processing commodity items at a future date.

The focus of this bid and the pre-bid conference is for the core, mainline foods. The district needs to insure continuation of items if the commodity stops. If an item is awarded, the distribution agent will be notified ahead of time that the item is now available to the district as a commodity item.

QUESTION 97. Do manufacturer's supplying products have to follow HAACP procedures?

RESPONSE 97: This is preferred but not required. A sanitation program must be documented, or follow HAACP principles.

QUESTION 98. Are foods going to a jobber?

RESPONSE 98: This is not a jobber bid. It is a mainline foods and distribution agent bid. Bidders will be procuring goods and providing services. This could be a Joint Venture opportunity. There is more than one business model to satisfy this bid. Jobber services is not mentioned anywhere in the bid. The business module response must state how the deliveries will be made.

QUESTION 99. Can the initial term of the bid be shortened from 2.5 years?

RESPONSE 99: Yes. The term will be changed to approximately 1.5 years. See Question 85.

QUESTION 100. Can the vendor walk away if the district does not accept a price increase?

RESPONSE 100: No.

QUESTION 101. What if a manufacturer's label changes?

RESPONSE 101: The nutritional content cannot change, but the look of the label may change.

010-FF03 - MAINLINE FOODS AND DISTRIBUTOR SERVICES QUESTIONS AND COMMENTS LOG

QUESTION 102. I understand I need to bid on a specific item for the initial bid period and I cannot base my offer on any opportunity buys. However, what is M-DCPS position on opportunity buys during the term of the initial bid award?

RESPONSE 102: The district may utilize opportunity buys. These would be communicated to the distribution agent and arrangements made. The fixed delivery fee the awarded bidder(s) submitted in the bid proposal under "Per Pack Other Delivery Section" would be attached to the item. The district wants to have the flexibility to access these buys. We have no intention of going around the awarded bid or vendor. It is only to provide the district with a method to utilize this process.

QUESTION 103. How will orders be placed? Electronically, through EDI or by some other means?

RESPONSE 103: Order will be placed through file transfer protocol (FTP.) Furthermore, the district is working on electronic ordering and billing, but it is not in place at this time.

QUESTION 104. Who should provide the D & B information in the Evaluation form, which must be submitted with the bid proposal?

RESPONSE 104: Whoever can substantiate the financial strength of the bidder. Note: This information is not required, but is one of the four categories in Section B and supporting documents MUST be attached to the evaluation form to provide evidence of competency for review.

QUESTION 105. Can dry and refrigerated goods be combined on one truck?

RESPONSE105: Yes. Compartmentalized trucks can be used. We want full trucks on the road. This process needs communication between the business partners to insure that the schools can accept large deliveries. The Department of Food and Nutrition will work with the distribution agent to determine which school sites qualify for this "combined" service.

QUESTION 106. Must vendors specify which approved brand they will be supplying?

RESPONSE 106: Yes. Bidders need to be specific as to the approved brand.

QUESTION 107. Is the vendor responsible to accommodate storage and delivery of commodity items?

RESPONSE 107: This needs to be mutually agreeable to both the district and the vendor. The length of time for storage must be agreed. Language suggested, "with agreement of both parties, store for a specified length of time".

QUESTION 108. Portion cost is very important. The manufacturers use a standard method of packing the items. Isn't one of the purposes of the bid to evaluate portion cost?

RESPONSE 108: Portion cost will be a factor in the bid award, where applicable.

QUESTION 109. Should distributor's choice be the distribution brand?

RESPONSE 109: "Distributor's choice" can be a national brand, a private label, or a distribution agent's brand of a item in the bid solicitation. It must be the specifications listed in the bid item and a food nutritional label must be submitted with the bid documents.

QUESTION 110. Will the bid address commodity items?

RESPONSE 110: No. We are obligated to use USDA approved products as a priority. We are concentrating on core, main items, so as to maintain continuity of the menu.

010-FF03 - MAINLINE FOODS AND DISTRIBUTOR SERVICES QUESTIONS AND COMMENTS LOG

QUESTION 111. If a vendor is awarded an item on the bid, will they be advised that they have won the award?

RESPONSE 111: No, not by M-DCPS. This is not an item-by-item bid or award as previous bid. This is a category award, wherein multiple categories will be awarded as one category. Vendors can combine through a joint venture, where one bidding "entity" can consist of 2 or more companies. The awarded bidder(s) must contact the vendor/manufacturer advising them they will be using their item(s) during the contract period.

QUESTION 112. Will the vendors be notified of the use of commodity products so that they don't bring an item into to their facility?

RESPONSE 112: No. This is not a vendor/manufacturer bid. The awarded bidder(s), known to M-DCPS as the "Distribution Agent" will be notified of the use of commodity items.

QUESTION 113. What if, let's say 1½ years later on the commodity is used up, will the Vendor have to produce an item?

RESPONSE 113: This is not a vendor/manufacturer bid. This is not a commodity bid either. The "Distribution Agent" is responsible to provide the awarded item(s) for the length of the initial bid term.

QUESTION 114. In the past the estimated quantity had a "lid" on purchases. What if there's a price increase? Can the lid be removed in order to have additional quantity at the original price in order to avoid charging a price increase for ordering a lesser quantity?

RESPONSE 114: There is no provision for a "lid." M-DCPS is under no obligation as it states in the bid solicitation to purchase estimated quantities listed in the bid. All requests for price adjustments are addressed in Question 85. The bid states the quantities are estimated quantities.

While the quantities may have been revised to show more accurate needs of the school district, M-DCPS is under no obligation to purchase the quantities listed. M-DCPS could purchase above, below, or none of the quantities listed, however we try to give accurate information as possible.

QUESTION 115. If a category is awarded to a vendor, can the vendor supply additional Amounts of the same item? Can you buy the items in that category and Exclude the person who won the award?

RESPONSE 115: See Question #111.

QUESTION 116. How do you evaluate doing business with minorities in the Community?

RESPONSE 116: See Evaluation Form in the bid solicitation package. Under Item #6 of the Evaluation Form, there are requirements that each bidder(s) submit documentation in ensuring that they have a minority vendor program and provide detailed information for evaluation in order to prove they have competency in being able to transact business with the minority business community during the time of the bid award.

QUESTION 117. Regarding HACCP (Hazard and Critical Control Points), what sort of Documentation will we need? Do you realize that HACCP approved Facilities will end up charging more because of the expense to meet the standards of the government?

RESPONSE 117: M-DCPS needs from the bidder(s) submission of procedures for safety and sanitation for safe handling of products, which is covered under HAACP. HAACP is a state of the art approach to food safety. M-DCPS considers the following of HAACP as good business protocol. For more information on HAACP, please go to the following website of the FDA:
<http://www.cfsan.fda.gov/~comm/haccpov.html>

010-FF03 - MAINLINE FOODS AND DISTRIBUTOR SERVICES QUESTIONS AND COMMENTS LOG

QUESTION 118. In the bid you're requesting Dun and Bradstreet ratings and information? Don't you think you're asking for too much information, most of it very confidential information that will not become public records?

RESPONSE 118: We need to know the financial strength of each bidder(s). The bid requires you to only send information from 2 of the 4 categories listed. The bidder(s) can decide if they want to use Item 9 in the Evaluation Form as part of satisfying Section B of the Evaluation Document.

QUESTION 119. How do you determine who is best qualified to win the bid, if you're going to evaluate the bid based on receiving 2 out of 4 documents sent in Part B of the Evaluation Form?

RESPONSE 119: The information received will be used to determine if the vendor is responsive and responsible. These documents are only being used to determine viable vendors. Bidder(s) can submit any combination of Items 7-8-9-10 in Part B. They must show competency in at LEAST two (2) of the four (4) items. It is the bidder(s) choice which combination and how many of the four (4) items they choose to submit to have evaluated in satisfying Part B of the Evaluation Form.

QUESTION 120. Will the payment to vendors by accounts payable be 30 days after they receive the invoice?

RESPONSE 120: Please refer to the "Special Conditions" document of this bid solicitation, Item Ten (10), Letter G, and Attachment AP: Summary Account Statement to Accounts Payable for the answer to this question.

QUESTION 121. Regarding late delivery or being behind schedule, if a truck is delayed at a school because of a situation, which is beyond the control of the driver, and this delay causes a trickle down effect for all other locations, will the vendor be penalized for each 2-hour late delivery, for each school, thereafter?

RESPONSE 121: No. The penalty will occur at the end of the delivery day, if there is no justification for cause. If the truck is more than two (2) hours late at the last stop for the day in servicing M-DCPS, then the penalty will occur.

QUESTION 122. How many companies do you think can actually do this bid?

RESPONSE 122: This bid solicitation promotes competition. M-DCPS expects more companies to be able to submit complete bid packages for this bid solicitation, as there is more than one business model possible to service this bid. For example, companies can combine their efforts and do a joint venture.

Remember that this is a complete process: providing the mainline food items in each category AND the delivery to all M-DCPS school sites. M-DCPS welcomes as many companies and/or partnerships as possible to submit bid solicitations to service this bid.

QUESTION 123. Do you want a price quote for 2 ½ years that's to be adjusted every 6 months, or do you want a price every 6 months for a 2 ½ year period?

RESPONSE 123: We're not awarding this bid every 6 months, the revised term of the bid will be released in the bid addendum, but vendors can request a price adjustment starting in December 2006 and every 6 months thereafter if needed. Please see Question #85 for further reference.

010-FF03 - MAINLINE FOODS AND DISTRIBUTOR SERVICES QUESTIONS AND COMMENTS LOG

QUESTION 124. When has the price ever been adjusted in the best interest of both parties, and not just in the best interest of M-DCPS. If this is a business partnership like you say it is, how do we know that M-DCPS is looking out for the best interest of both sides.

RESPONSE 124: This bid solicitation is different from previous bids, M-DCPS is looking to model “best practices” and the business partnership principle is one of these “best practices”.

QUESTION 125. Do you want the manufacturer to quote a price for 2½ years and then request a price adjustment based on the Consumer Price Index?

RESPONSE 125. Please see Question #85. Original bid award period will be revised in a bid addendum.

QUESTION 126. From the manufacturer’s point of view, can we price based on FOB? How can we lock in a price for 2 ½ years?

RESPONSE 126: Please see Question #85. Original bid award period will be revised in a bid addendum.

QUESTION 127. If fuel is increased, let’s say to \$6.00/gal, will M-DCPS take that into consideration and do an automatic price adjustment?

RESPONSE 127: Price adjustments are not automatic, but may be requested as indicated in the bid addendum.

QUESTION 128. Fee category – can we adjust that separately?

RESPONSE 128: Price adjustments may be requested as indicated in the bid addendum

QUESTION 129. Can you clarify the restriction of the “lid” as it relates to pricing? How do you handle price adjustments after the “lid” is in place?

RESPONSE 129: See Question #114.

QUESTION130. If you shorten the length of the bid from 2 ½ years you will get better prices. Can we have a shorter bid period with more renewals?

RESPONSE 130. Item will be addressed in a bid addendum.

QUESTION 131. From the vendor’s perspective, we’re looking at how the prices are being controlled. Can you change the language in the bid to address the price adjustment issue, to make the manufacturers more comfortable, that we’re not being locked in a price certain for 2 ½ years?

RESPONSE 131: See Question #85. Item will be addressed in bid addendum.

QUESTION 132. Has any broker in this room ever had a 2-½ year price quote ...ever?

RESPONSE 132: We will change the language in the bid so as to facilitate our maintaining long-term relationships and flexibility. It is not feasible to issue a bid every 6 months. Item will be addressed in bid addendum.

QUESTION 133. We don’t give our chains or suppliers a 2½-year price quote. What we give them is a business agreement stating we will supply them for 2 ½ years.

RESPONSE 133: M-DCPS is looking for a business partnership with this bid solicitation. With respect to the term of the pricing, item will be addressed in bid addendum.

010-FF03 - MAINLINE FOODS AND DISTRIBUTOR SERVICES QUESTIONS AND COMMENTS LOG

QUESTION 134. Regarding labels, they change quite often, depending on the manufacturer or distributor. If we need to attach a copy of the label what do we do in the case of one manufacturer who has more than one label for the same product?

RESPONSE 134: What we're more concerned with is the nutritional contents on the label and the quality of the product as specified. If the nutritional contents are the same for the same product, each bidder(s) only need to submit one nutritional label.

QUESTION 135. "Opportunity Buy" as stated in the bid might work to the disadvantage of the person awarded the bid. How are we to be Assured that after the vendor has been awarded a bid, M-DCPS won't use "opportunity buy" as an excuse to buy the product at a lower price from another vendor?

RESPONSE 135: See Response #102.

QUESTION 136. Can you then change the language to specify what the special circumstances are when you will use "opportunity buy"?

RESPONSE 136. Awarded bidder(s) will be notified when an "opportunity buy" may occur. Likewise, the awarded bidder(s) may notify M-DCPS if they have the chance to offer the district an "opportunity buy" if it meets the conditions of M-DCPS requirements.

QUESTION 137. Are you requesting corporate financial statements, or just financial statements for the company doing business with MDCPS?

RESPONSE 137: We're looking for whatever financial documents you submit which will substantiate the bidder(s) financial strength.

QUESTION 138. Since you're now combining dry and frozen items in the same bid, can we combine dry and frozen items in the same truck? In the past we could not combine dry and frozen deliveries.

RESPONSE 138: Yes. As long as the correct temperatures are maintained in the truck, according to specifications listed in the bid documentation. In other words, refrigerated and/or frozen items must be maintained at the required temperature(s), in a refrigerated truck. The Department of Food and Nutrition will work with the distribution agent to approve this on a site-by-site basis.

QUESTION 139. Delivery schedules are different for dry and frozen items. Will M-DCPS have the people in place to accept both dry and frozen items being dropped off at the same time?

RESPONSE 139: Yes, in specific locations. The details will be coordinated between the awarded bidder(s) and M-DCPS after bid award.

QUESTION 140. Do you want all commodities graded and stamped?

RESPONSE 140: This bid is not a commodities bid. If you mean the individual food items on the bid, and NOT USDA commodities, please refer to SPECIFICATIONS Section of this Bid under #11 and the Format B (Item Descriptions for this Bid.)

QUESTION 141. Section 2, Item 1 on the bid, can the distributor bid a price and then combines brands?

RESPONSE 141: No. You have to bid a price with a specific brand.

010-FF03 - MAINLINE FOODS AND DISTRIBUTOR SERVICES QUESTIONS AND COMMENTS LOG

QUESTION 142. How will you calculate the total amount for each vendor's bid?

RESPONSE 142: This item is calculated automatically in the Excel Spreadsheet in the Format B, which is the listing of items on this bid by category.

QUESTION 143. How will you determine the portions per case adjustment on the bid?

RESPONSE 143. Item will be revised on the Excel Spreadsheet in the Format B, and will be addressed in a bid addendum.

QUESTION 144. What is the storage time allowed for products? What is the storage price?

RESPONSE 144: Please see Question #91.

QUESTION 145. What cost price must we put on the bid? The cost price we receive, or the cost price to M-DCPS?

RESPONSE 145: There are two costs. The first cost is the price to the district for the manufacturer's item per the defined unit (pound, each, dozen, etc.) The second cost is the delivery fee per case or pack per category as indicated in the bid (frozen, refrigerated, dry).

QUESTION 146. How will you calibrate the award regarding dry and frozen items combined?

RESPONSE 146: It is not our intention to do separate awards by category. M-DCPS is looking for one business partnership to service this bid solicitation.

QUESTION 147: When evaluating the award, will there be an advantage to a vendor who bids on 3 or 4 items as opposed to bidding on all the items in the entire category? What if a vendor with the lower and better prices bids on less items?

RESPONSE 147: M-DCPS is looking for one business partnership to service this bid solicitation. Please see Questions #1 and #111 for further reference.

QUESTION 148. Just how specific are vendors required to be, when submitting a price delivered to the school sites?
