Q&A

1. What is your current SIS? It was mentioned on the call that there may also be a new SIS in the future. For the purposes of scoping this project, which system should we assume integration with?

Answer: The District currently utilizes a mainframe application as the SIS. Vendors should assume that the District will likely rollover in the future to a SIS that can scale for Districts consisting of over 100k students.

2. Do you have a desired timeline for launching the new application and lottery system?

Answer: Immediately. We must be fully operational prior to October 1st, 2023.

3. Has a budget or budget range been set for this effort?

Answer: A budget has not been set for this effort.

4. Is it possible to get a recording of last week's conference for RFP bid. Thank you

Answer: Please see attached recording.
