RFP-21-039-CM ESSER SAP and Mainframe Support

Q&A

1. **Question:** We have been reviewing the RFP for ESSER-SAP and Mainframe Support. Is it possible to extend the due date beyond September 20th?
Answer: The deadline has been extended to September 27, 2022.
2. **Question:** How many points will prime firms certified as Micro Business Enterprise and Small Business Enterprise by MDCPS receive under the Certified Firm Participation criteria?
Answer: Please refer to section 7.2 of the evaluation criteria. Based on the Goal Setting Committee's recommendation, points were allocation for certified MWBE firms that are African American or non-minority Women owned.
3. **Question:** How many points will Hispanic-owned prime firms certified as MWBE receive under the Certified Firm Participation criteria?
Answer: Please refer to Question 3.
4. **Question:** When will this work be expected to start?
Answer: Once it is approved by the board and when the need arises for support for either SAP or Mainframe.
5. **Question:** Are there any existing incumbent firms providing these services today?
Answer: No
6. **Question:** To respond to this RFP completely and accurately, would it be possible to get a 4-week extension on the submission date?
Answer: Please refer to Question 1.
7. **Question:** Page 15 requires us to provide a fixed price for 5 years. Since no volumetric information is provided in the RFP, it is not possible to provide a fixed price for that duration. Can we just provide a rate card for that period?
Answer: Yes
8. **Question:** Does the District anticipate a certain percentage of work to be performed onsite?
Answer: Not at this time, although there may be a need for onsite depending on the support being requested
9. **Question:** Will support requests come via the District's support ticket system (e.g., Solution Manager) and special projects come via RFQ, or will both be handled through the District's Support Ticketing system?
Answer: Request will come from the District via email or through the district's ticketing system ISM
10. **Question:** Since the project is Esser funder, are offshore resources permitted?
Answer: Not at this time
