School Food Service Systems, Inc.
Sysco Food Services of South Florida

Justification: This contract provides more than 300 of the menued items used by the Department of Food and Nutrition, for the food-service program of the District. The vendor purchases, warehouses and delivers these items to each school site in the District. The awarded vendor provided the lowest competitive prices in 2006, and has agreed to an extension, per the terms and conditions of the bid, for an additional eighteen (18) month period. Although the terms and conditions of the bid provide for an adjustment based on the CPI, which indicated a compounded annual increase of 22.9% for energy, for the period ending March 2007, the District's pricing is below this percentage. It is considered to be in the best interest of the District to extend this contract for an additional eighteen (18) month period, to benefit from favorable competitive pricing and continuity of service. The awardees have agreed to extend for an additional eighteen (18) month period, by letter, on file.
