Previous Extension Date: None

Previous Extension Amount: N/A

Vendors Recommended for Contract Extension: One (1)

B.V. Oil Company, Inc.

Justification: It is considered to be in the best interest of the District to extend this contract for an additional one (1) year period, to benefit from continuity of service at the same service charge. This contract is required to support the Department of Transportation with deliveries of gasoline and diesel fuel #2 (low sulfur), to its terminal, South of Flagler Street, for the fueling of District vehicles. The price paid by the District for the fuel delivered under this contract is predicated on the weekly OPIS average rack price for fuel at the port of Miami/Fort Lauderdale, plus a fixed service charge per location. The vendors have indicated their willingness to maintain the same service charge originally bid for different terminals and quantities of diesel fuel, during the extension period. The awardees have agreed to extend for an additional one (1) year period, by letter, on file.
