Justification: It is considered to be in the best interest of the District to extend this contract for an additional one (1) year period, to benefit from continuity of service to Maintenance Materials Management stock. Benchmarking of this contract is not possible, because the bid prices were firm for an initial six (6) month period, and afterward spot-market quotes are obtained for the quantities requested. Maintenance Operations has indicated satisfactory performance from the vendors and recommends extension. This is the second extension of this contract. The awardees have agreed to extend for an additional one (1) year extension period, by letter, on file.
