All other terms and conditions remain the same. The vendor has exercised its right according to contract, for a 5% increase for all line items. Staff has indicated satisfactory performance from the vendors and has recommended extension. In addition, the vendors have responded to Fire Watch requests from the District's Construction Department for new school projects, and have provided security services on an emergency basis, during the past hurricane season.

Benchmarking was completed against The School Board of Palm Beach County, Florida, and the District's pricing was found to be lower. This is the first annual extension of contract. The awardees have agreed to extend for an additional one (1) year extension period, by letter, on file.
