Justification: It is considered to be in the best interest of the District to extend this contract for an additional one (1) year period, at the current prices, to benefit from fixed prices. The staff from the department has indicated that the vendor's performance has been satisfactory. This is the first extension and third year of this contract. The awardees have agreed to extend for an additional one (1) year period, by letter, on file.

Two vendors were originally awarded this contract, however, only one is recommended for extension, because Onxy Specialty Services, of Tallahassee, Florida, has failed to return the renewal letter. Several attempts were made to contact the vendor.
