SUBJECT: REJECT REQUEST FOR PROPOSALS NO. 058-KK10 – TELECOMMUNICATIONS FACILITIES

COMMITTEE: FACILITIES AND CONSTRUCTION REFORM

LINK TO STRATEGIC FRAMEWORK: FINANCIAL EFFICIENCY/STABILITY

Request For Proposals No. 058-KK10 – TELECOMMUNICATIONS FACILITIES, was to consider proposals for the co-location of educational and commercial telecommunications facilities at approximately 164 Board-owned sites. One proposal was received in response to Phase I and Phase II of this advertised solicitation.

Subsequent to the opening of proposals, the Telecommunications Committee and other staff met and determined that the sole proposal did not meet the minimum qualifications and evaluation criteria set forth in the Request For Proposals and, therefore, was considered non-responsive.

RECOMMENDED: That The School Board of Miami-Dade County, Florida, **REJECT** Request For Proposals No. 058-KK10 – TELECOMMUNICATIONS FACILITIES.

SUBJECT: REJECT BID NO. 019-LL03 – FARM-TO-SCHOOL, FRESH PRODUCE

COMMITTEE: INNOVATION, EFFICIENCY & GOVERNMENTAL RELATIONS

LINK TO STRATEGIC FRAMEWORK: FINANCIAL EFFICIENCY/STABILITY

The purpose of this bid was to purchase, at firm unit prices, quantities, as may be required, of farm-to-school, fresh, high quality, seasonal and local, Florida produce (to the maximum extent possible), for the Department of Food and Nutrition. Five (5) vendors responded to this advertised solicitation.

Inasmuch as (4) four out of the (5) five vendors who responded qualified their bids and the fifth vendor's pricing is excessive, it would be in the best interest of the District to reject all proposals to allow rebidding. Specifications will be modified to allow for broadened competition. Competitive prices will be solicited for these items, as the need arises, pursuant to Board Rule 6Gx13- 3C-1.111 – Bidding Process – Competitive Bidding Requirements, which describes the procedures and guidelines to be used for bidding based on the estimated dollar expenditure, including revision of specifications.

RECOMMENDED: That The School Board of Miami-Dade County, Florida, **REJECT** Bid No. 019-LL03 – FARM-TO-SCHOOL, FRESH PRODUCE, to permit rebidding using revised specifications.

SUBJECT: AWARD BID NO. 035-KK11 – WIRELESS SERVICE AND EQUIPMENT

COMMITTEE: INNOVATION, EFFICIENCY & GOVERNMENTAL RELATIONS

LINK TO STRATEGIC FRAMEWORK: FINANCIAL EFFICIENCY/STABILITY

The purpose of this bid is to purchase, at firm unit prices, quantities, as may be required, of wireless service and equipment, for Miami-Dade County Public Schools and various administrative offices. This is a term bid which states that the Board may purchase quantities, as may be required, at the unit price bid, but is not obligated to purchase any guaranteed amount. Award of a bid for wireless services is a prerequisite for the District's participation in the federal E-Rate program which reimburses a portion of schools' telecommunications expenditures. The prices reflected in this bid represent an annual savings of approximately \$200,000; however District policy related to assignment and use of wireless/cellular devices is presently under review to achieve additional cost reductions. Four (4) vendors responded to this advertised solicitation. This is an award to a primary and an alternate vendor.

Identical prices were submitted on Group 5, Items 35 through 44, by T-Mobile USA, Inc., of Bellevue, Washington and Sprint Solutions, Inc., of Reston, Virginia. The recommendation reflects the award of these tie low bid items to T-Mobile USA, Inc. pursuant to Board Rule 6Gx13- 3C-1.061 – Identical Prices – Priorities For Award.
